

Welcome to the International No-Dig 2019 Florence!

Dear Colleagues,

As Chairman of the Italian Association for Trenchless Technology IATT, I warmly welcome you all to the 37th INTERNATIONAL NO-DIG Conference & Exhibition, which will take place from September 30th - October 2nd 2019 in beautiful Florence, Italy.

The 2019 edition, thanks to a rich scientific session and the exhibit of cutting-edge technologies, will highlight the increasingly strategic role of trenchless technologies as driver for the infrastructural growth of Countries.

The Conference's host city is one of Europe's most captivating destinations, a city that is green, safe, and filled with breathtaking beauty. You will appreciate the exquisite concentration of art, architecture, museums and culinary delights discovering Florence.

Florence is easily reached from all major travel hubs, and the event will be held in a modern conference facility accompanied by excellent accommodation options. On behalf of IATT, I am honoured to invite you to the 37th International NO-DIG 2019, and I look forward to welcoming you in Florence.

Best wishes,

Paolo Trombetti
Chairman IATT
