

EUROPEAN NO-DIG 2024

5-6 March

Hotel Andels Vienna House, Berlin

Europe's leading innovation platform for Trenchless Technology.

Conference Programme Highlights

- A focused session on installation of fibre optics cable
- Emphasis on green technologies
- AI in trenchless technology
- Latest technical developments in new pipe installation, inspection and cleaning
- Use of trenchless technology in the following areas: Water, Sewer, Gas, Electricity, Telecoms
- Design software for pipeline design using trenchless methods

European Society Forum: The forum will provide a platform for Societies to meet and discuss topics of shared interest. Each Society will be given the opportunity to discuss country specific topics, sharing successes, lessons learnt and future ideas.

An event for underground infrastructure professionals.
